FIND YOUR SIZE

1. This size guide is especially developed for the size and fit of Julia Mays Shoes only.

Do not use this guide for other shoes.
Save file to your desktop before printing.
Printing settings should be set to:
do not scale / print actual size as A4.
To verify the sheet printed correctly
ensure the line below measures 5cm

2. Fit your heel on the line and guide below.

- Measure barefoot and while standing
- Measure straight down from the farthest point of your heel. You can use a straight object like a book or ruler to help you ensure your heel matches the line.

3. Measure where your big toe and / or longest toe meet the size lines.

4. If you are a half size, we recommend sizing up
